

OTHER NOTABLE "FREIGHT FARMERS"

GOOGLE

Google provides their employees with breakfast, lunch, and dinner. The LGM brings a sustainable and healthy component to their nutrition plan.

UMASS DARTMOUTH

Dartmouth utilizes the LGM to grow a variety of lettuces which go straight to their dining hall. They also educate their students on modern agricultural techniques and the importance of knowing where their food comes from.

UNIVERSITY OF OKLAHOMA

OU has embraced the concept of year-round, eco-friendly and sustainable growth with their LGM by growing produce for their student cafe and spreading environmental awareness.

BOSTON LATIN SCHOOL

The Boston Latin School uses the LGM to promote interest in STEM careers to their students by providing them with valuable leadership and hands-on experience.
